WEDNESDAY, JULY 20 1737.

91° 645.

LETTERS of the 21ſt ult. O. S. from Naples ſay, that the Sentiments of the Junćto of Commerce being divided about the Exportation of their Silks, the Merchants being for exporting them wrought, and the Miniſters and Gentlemen for exporting them raw, and the ſame being referred to the Deciſion of the King Don Carlos, he had given Order that they ſhould be exported raw.

Thoſe of the 25th from Rome, contradict the Report that the Inquiſitors were ſet out from thence to Florence, to take up the Free Maſons. They ſay that certain Books having been brought thither, and diſtributed to ſeveral Cardinals and Perſons of Diſtinction, entituled, *An Inquiry into the Frauds relating to the War of* Corſica, the ſame have been prohibited, and the two Bookſellers that ſold them ordered to vend no more under ſevere Penalties.

Letters of the 2d Inſtant from Vienna ſay, that the Officer who was ſent by the Ruſſian General Munich to Count Seckendorf, has Orders not to return to the Ruſſian Army, before that of the Emperor is entered into the Territories of the Porte, and till Hoſtilities are actually commenced; to the End that the Ruſſian General may thereupon take his Meaſures. —— Theſe Advices add, that ſeveral of the Inhabitants of Wallachia are fled to the Emperor's Territories, who affirm that their Countrymen are ſo diſguſted with the Porte, that they only wait the Arrival of the Imperial Army, to put themſelves under the Emperor's Protection. The Imperial Chamber has agreed with the Aulick Council of War, to furniſh 600,000 Florins per Month, for the Service of the Army, including 100,000 Florins for the Secret Diſpoſal of the Count de Seckendorf. It is ſaid the Turks have burnt and plundered all the Villages, thro' which they think the Imperialiſts will bend their March: That the Grand Vizier is poſted with 40 or 50,000 Men near Iſaccia upon the Danube, where there is the greateſt Bridge of Communication, in order to ſee what will be undertaken by the Ruſſians and Germans: That the Army againſt the Ruſſians is to be commanded by another Baſſa, and that the Count de Munich has actually paſſed the Bug; ſo that News is ſoon expected of the Siege of Oczakow.

Mean Time, the Operations ſaid to be concerted between the Counts de Seckendorff and Munich are, That the Count d'Eſterhaſi, Ban of Croatia, ſhall attempt an Invaſion in Boſnia, wherein he is to be ſupported by the Prince of Hilbourghauſen; that the Count de Staremberg ſhall keep with a third Body upon the Defenſive, on the Frontiers of Croatia; that Count Seckendorff with the Grand Army ſhall march to lay Siege to Niſſa, while the Count de Munich ſhall beſiege Oczakow; and that General Laſcy and the Prince of Heſſe-Homburg, ſhall, with their Armies, make two conſiderable Diverſions.

Letters from Hamburgh of the 8th ſay, they have Advice from Groenland, by a Ship which came thither from thence on the 4th, that ſince the 13th of June, the Whale-Fiſhery has been ſo favourable, that the Hamburghers and the Dutch have each taken 22 Whales.

From the London Gazette.

Peterſburg, June 25. Letters from Velt Marſhal Munich of the 8th Inſtant adviſe, that he was then arrived on the Banks of the River Bog; that a Body of Tartars appearing on the other Side, Count Munich ſent a Detachment to chaſe them, which had no ſooner paſſed the River than the Tartars retired. Two Days ago a Courier arrived here with Letters from Velt Marſhal Lacy dated the 11th Inſtant, by which this Court is informed, that he was not above 40 or 50 Werſts from the Perecop, and that the Flotilla was near him; having coaſted from Aſoph the North Shore of the *Palus Meotis*, and anchored every Night within Sight of his Camp; that as yet they have ſeen no Turkiſh Ships or Veſſels in thoſe Seas; and it is thought Velt Marſhal Lacy will tranſport Part of his Army in his Boats over the Gnil Moor into the Crimea. This Morning there happened a diſmal Fire in the fineſt Part of this City, but the Number of Houſes and Palaces that are conſumed is not yet known; among the latter are thoſe of Princeſs Elizabeth, Prince Chercasky, Prince Cantemir, Velt Marſhal Trubetskoy, Prince Schackoſkoy, Count Sava, Count Apraxin, Count Pooſhken, General Uſhakof, Counteſs Jagozinskoy, the Houſes in which the Swediſh Envoy and Dutch Reſident lived; and that of the Pruſſian Miniſter is very much damaged.

Vienna, July 10, *N. S.* Letters are juſt arrived in Town from M. Seckendorff, in which he adviſes, that he was arrived at Colar, a Place about four Days March from Semendria towards Jagodin, with the Infantry under his Command; and that Marſhal Philippi conducts the Cavalry thro' the Mountainous Road towards Jagodin. It is ſuppoſed they are by this Time upon the Turkiſh Territories. Prince Hildburgſhauſen advances likewiſe towards Boſnia, but in ſuch a Manner as to be as near to the Great Army as poſſible. Theſe Advices add, that Niſſa will be inveſted about the 20th Inſtant at fartheſt. Count Wallis will, as is ſuppoſed, enter into Walachia with the greateſt Part of the Body he commands at the ſame Time; and People flatter themſelves that he, at leaſt, will find very little Oppoſition. If the Siege of Niſſa is finiſhed ſoon enough to allow the undertaking that of Viddin this Campaign, the three Corps will join together for that Purpoſe. All the Diſpoſitions of the Turks are ſaid to be very weak. There will be a ſolemn Proceſſion next Sunday to the Cathedral Church, at which the Emperor and the whole Court will aſſiſt to ask God Almighty's Bleſſing and Aſſiſtance, which is the uſual Way of beginning War againſt the Turks, and a Manifeſto will be diſtributed the Day before: It is already printed in Latin and German, and is now printing in French and Italian.

Hague, July 26, *N. S.* The Imperial and French Miniſters delivered Yeſterday to the States General, the Anſwer of their Maſters to their High Mightineſſes Reſolution touching the Succeſſion of Bergues and Juliers; and to Day they communicated to them the Treaty of Pacification concluded at Vienna, and deſired their Acceſſion to it.

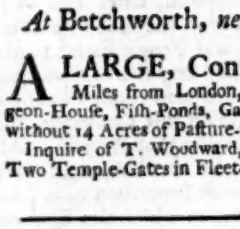
To be LET,

At Betchworth, *near* Darking *in* Surrey,

A LARGE, Convenient HOUSE, 20 Miles from London, with Stables for 10 Horſes, Pigeon-Houſe, Fiſh-Ponds, Gardens, and Orchards; with or without 14 Acres of Paſture-Ground.

Inquire of T. Woodward, at the Half-Moon between the Two Temple-Gates in Fleet-ſtreet.



WHereas many Inconveniencies have attended the former manner of ſupplying the Kingdoms of England and Ireland with Pyrmont Water; particularly, the Water frequently lay long in the Merchants Hands at Bremen before tranſported to England, and afterwards yet longer in the Poſſeſſion of the Sellers in London before ſold: ſo that oftentimes, before it came to the Drinkers Hands, it would be a Year old, or upwards. Moreover I have detected Perſons filling Bottles (marked with a Star, like thoſe in which I uſed to fill the Pyrmont Waters) at a common Spring, in order to tranſport and impoſe them upon the Publick, for the true Waters of Pyrmont. And further, to my certain Knowledge, great Quantities of falſe Waters were purpoſely filled in this Country, and impoſed laſt Year on the Publick deſignedly, by ſome Traders in England, in order to prejudice this Fountain, and to the Detriment and Diſappointment of the Drinkers. And on the other hand, being well aſſured of the Integrity of Mr. EYRE, ſworn Purveyor of all Mineral Waters to their Britannick Majeſties, and being an Eye-Witneſs of the Improvements he has made in filling theſe Waters, whereby they are now tranſported in greater Perfection: Therefore I do appoint him, jointly with my Brother JOHN-HENRY REISENER, to tranſport into England and Ireland the ſaid Waters, which ſhall be ſent them from time to time, and be ſold by *them only*, or by ſuch as *they ſhall appoint*, by which Method the Dominions of his Britannick Majeſty will be conſtantly ſupplied with FRESH PYRMONT WATER, and the foregoing Inconveniencies be in ſome meaſure prevented: And for a further Caution, all the Bottles filled with the ſaid Water will have the Arms of his Highneſs the Prince of Waldeck impreſſed on the Side, agreeable to a Patent granted them by his Highneſs for that Purpoſe; and all ſuch as are not thus marked, agreeable to the above Impreſſion, are not to be depended on to be the true Waters of Pyrmont.

Pyrmont, Mar. 30. 1737. CHRISTIAN-ULRICH REISENER, *Maſter of the Pyrmont Wells.*

THESE are to certify, That Meſſ. JOHN-HENRY REISENER and HENRY EYRE have cauſed to be filled, in their Preſence, 34,113 Bottles of Pyrmont Water, which Water was filled in a good Seaſon, and when it was in its utmoſt Perfection, and was corked, wired down, and ſecured by an excellent Compoſition, after an improved Method.

Pyrmont, May 26. 1737, N. S. D. JOHN PHILIP SEIP, *Counſellor and Phyſician to his Highneſs the Prince of Waldeck at Pyrmont.*

These WATERS are ſold at Mr. EYRE's Mineral Water-Warehouſe, near *Temple-Bar.*

Where alſo are conſtantly ſold the following Mineral Waters, *viz.*

SPA, SELTERS, | BORNE, HOLT, | BATH, BRISTOL, | SCARBORO'

N. B. Mr. EYRE Imploys his whole Time in attending and filling the ſeveral Waters, particularly thoſe of *Pyrmont* and *Spaw*

CONSUMPTIONS *of all Sorts,* *ASTHMA's, and all Diſorders of the* Breaſt *and* Lungs, *Directly and infallibly cured by the Great* CHYMICAL ELIXIR,

WHICH has reſtored ſo many Thouſands labouring under the deepeſt Conſumptions and moſt deplorable Aſthma's to perfect Health and Strength in a few Days Time, after all other the moſt celebrated Methods and Medicines had been try'd in vain.

It at once ſtrikes at, and abſolutely eradicates the firſt Principle or Cauſe of Conſumptions, whether of the Lungs or of any other Kind, as alſo of Aſthma's, or Shortneſs of Breath, reduces the vicious Ferment of the Blood and Juices, corrects the acrid Salts which erode the Lungs, frees them from all obſtructing Viſcoſities, and does more real Good in one Day than any other Medicine whatever can in ten.

It aſſuredly retrieves the Patient, tho' reduc'd to a meer Skeleton; and immediately cures the moſt tedious waſting and almoſt ſuffocating Coughs, Hoarneſs, Wheeſing, Shortneſs of Breath, Difficulty of Breathing, Pain, or Weight in the Breaſt, Spitting of Blood, Soreneſs of the Stomach, Throat, or Windpipe: Alſo Catarrhs, or Defluxions of ſharp Rheum, and all Ptiſical and Aſthmatick Effects, Hectick Fevers, melting Night Sweats, and Diarrhœa's, or Looſeneſſes, in a pleaſant and moſt agreeable Manner.

It is balſamick, healing and ſtrengthening beyond Compariſon, reſtores in all inward Waſtings, Weakneſs, and Decay of Conſtitution whatever, perfectly cures Ulcers in the Lungs or in any other internal Part, cauſes free and eaſy Reſpiration or long Breathing, and ſpeedily and infallibly cures ASTHMA's, and all Sorts of CONSUMPTIONS, be they ever ſo bad, without the leaſt Diſorder, Trouble or Confinement, and is indeed the only true Remedy that can be ſurely depended upon for the entire Cure of thoſe Maladies.

Nor can the whole *Materia Medica* afford a quicker or more certain Cure for common Coughs and Colds; but the great Character this moſt noble Chymical ELIXIR has ſo juſtly gain'd, for the direct and infallible Cure of CONSUMPTIONS and ASTHMA's, &c has occaſioned many Attempts to counterfeit it; be careful therefore to have the Right, which is to be had only at Mr. RADFORD's Toyſhop, at the Roſe and Crown againſt St. Clement's Church-yard in the Strand, at 2 s. 6 d. a Bottle with Directions, and at no other Place in England.

The only infallible and ſpeedy Cure for the moſt confirmed LEPROSY, either of the Moiſt or Dry Kind,

That has been ſold for ſeveral Years by Mr. Parry, in Bow-head Court, Fleet-ſtreet, with much, and happy Beneſit to the Publick; but, ſince his Deceaſe, it ſold now only by Mr. Read, for 5 *s. a Pot, with Directions, at his Houſe in White-Fryars.*

N. B. You turn in juſt by the Sun Tavern in Fleet-ſtreet, and it is the great Corner Houſe in White-Fryars; James Read, in great Letters, is wrote over his Door.

AND for all Leprous and other ſtubborn Breakings out on the Skin, whether of the whole Body, or in particular Parts only, this is the only ſure and eaſy Method of Cure, being an incomparable pleaſant Electuary, which, after all the uſual Methods and Medicines, and even Salivations tried in vain, perfectly eradicates thoſe inveterate Maladies, tho' of many Years ſtanding, ſo as never to return again, accompliſhing that in a few Days, which no other Means can poſſibly perform in many Months, and that with the greateſt Safety in the World, and without any Confinement, as has been happily experienced by many Hundreds.

Common Itches, and other ſlight Foulneſſes of the Skin, it compleatly cures almoſt in an Inſtant, without Trouble; and for the worſt Scabbineſs, and moſt grievous Leproſy, may certainly be depended upon as abſolutely infallible, as the Patients themſelves in three Days Time will aſſuredly find.

N. B. This noble Specifick Electuary may be taken with equal Succeſs in extreme Weather, hot or cold, by following the printed Directions given with the Medicine.

Theſe are to Certify whom it may concern,

THAT the Two Medicines for external Uſe, which have been ſold with ſo much Succeſs for the Good of Mankind near Thirty Years laſt paſt, for the Cure of

All Sorts of RUPTURES, BURSTEN, *or* BROKEN BELLIES.

are removed from the Minories, where they have been ſold for the Author, ſo long, and are now ſold only at Mr. Sandwell's Toyſhop, the Sign of the Griffin, the Corner of Buckler's Bury in the Poultry, at 5 s. the Parcel, ſealed up with printed Directions given with them.

Theſe two Remedies need no other Recommendation than themſelves will manifeſt in two or three Days uſing, having by their admirable and even aſtoniſhing Succeſs, gained the Reputation they ſo juſtly deſerve, both in City and Country, after wearing Truſſes for many Years to no Purpoſe.

For by the Bleſſing of God, they make a perfect Cure, either on Old or Young, in a very little Time, and for a ſmall Charge, without any Pain to, or Confinement of the Patient; one Parcel is generally ſufficient for a compleat Cure, eſpecially on a young Perſon.

Many Hundreds of all Ages and Sexes have been cured by them, which occaſioned this Publication, for the Good of the Publick, that all ſuch unhappy People may be delivered from the Charge and Slavery of always wearing Truſſes.

The World might have had many Certificates of Cures of Perſons of all Ages, from Children of a few Months old, to grown Perſons of 60 Years or upwards; but for the natural Hindrance of People being utterly averſe to let it be known that they ever had ſuch an Infirmity: Yet Mr. Sandwell can ſatisfy any reaſonable Inquirer of the Validity of what is here ſaid, tho' he has not had ſuch large Knowledge, by reaſon of the ſhort Time he has ſold 'em, as they from whom the Medicines are now, for good Reaſons, removed.
